WEBSITE: <https://isha-2112.github.io/>

The dashboard can be used to comprehensively elucidate the current scenario of the Multistate Cooperative Societies of India.

The entities of the dashboard are as follows:

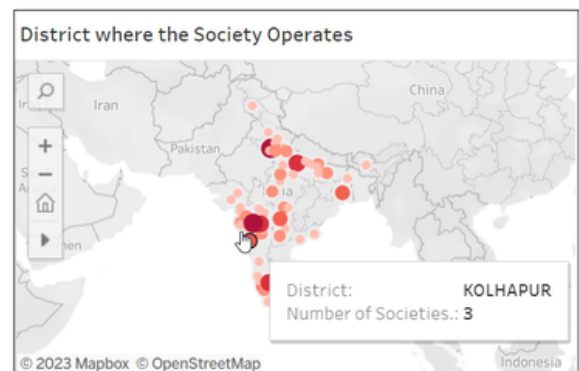

State of Registration

- The map showcases all the states which have different societies registered within them.
- The colour ranges from light to dark, where darkest indicates the state with the maximum number of societies.

District where the society operates

The darker and larger circles depict the districts with greater number of operational societies.

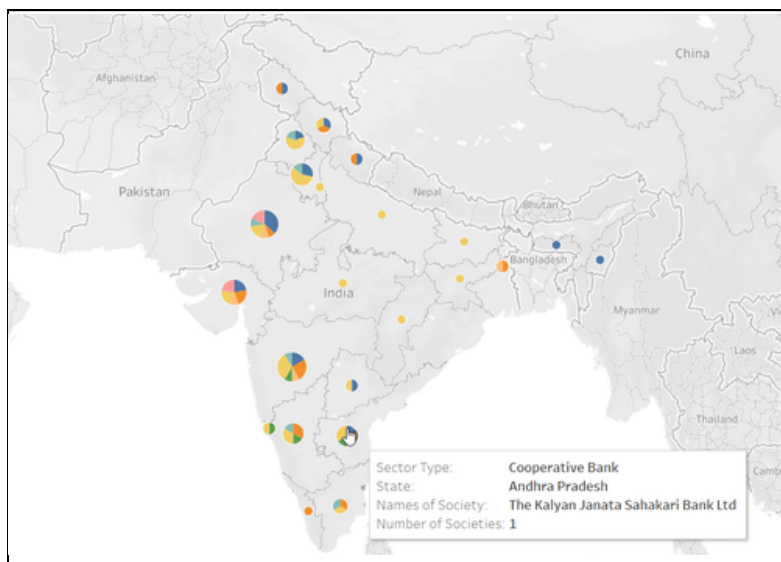

Sector Type

- The bar chart represents the sectors in which different societies operate.
- Each sector is assigned a different colour.
- The height of the bar illustrates the number of societies belonging to a sector.

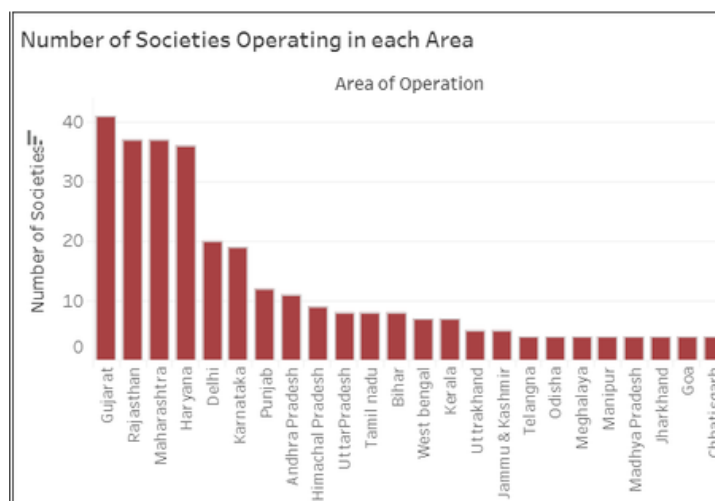

Areas of operation

- The map represents the areas where different societies are operating.
- Bigger circles are used where the number of operating societies are more.
- The pie chart is used to depict the number of societies, their names and the sector to which they belong.

Number of Societies Operating in each area

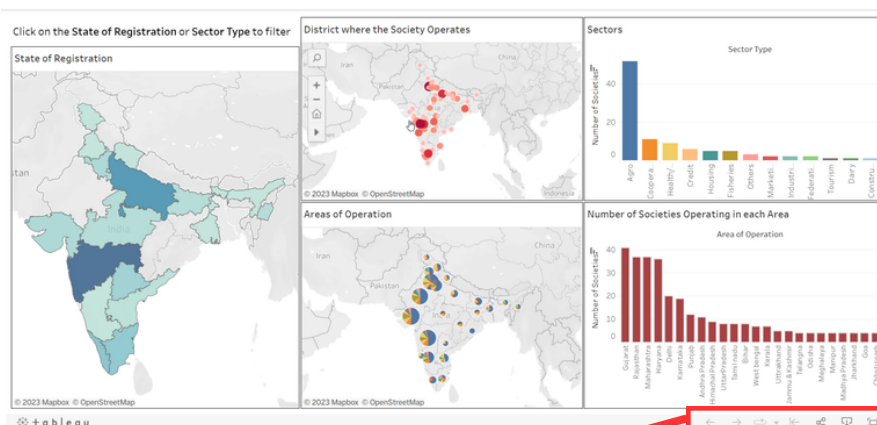

- The bar chart depicts the areas in which different societies are operational.
- The areas are arranged in descending order according to the number of societies.
